

LANSBURGH & BROTHER

STORE NEWS for Thursday, August 31, 1922.

NOTICE OF CHANGE IN STORE HOURS: Closed all day Saturday and Monday, Labor Day. Starting Tuesday we resume winter hours, open 9:15 and close 6:00; open all day Saturday starting Sept. 9th.

A Sale of 5,000 Woven \$1 Madras Shirts, at . . . 1

NOT to be confused with ordinary shirts or sale shirts, but woven madras shirts of quality—not printed—the colors all fast. White shirts, and fancy stripes, full cut, full tail front and back, five-button front, with ocean pearl buttons, top and bottom sleeve facing—stripes carefully matched, and in unusual sleeve lengths: 32 to 36-inch; neck bands 14 to 17.

This is not the first sale of shirts in history at a dollar—but it's going to make shirt sale history for quality at a buck—you've never got so much quality in one shirt for one simoleon before.

—Direct Entrance to Men's Shop Off Seventh Street.

Continuing the Advance Sale of

WINTER COATS at \$44

IN spite of the large number of forward-looking women who took advantage of this sale the day it opened, there is still a charming range of styles to choose from.

Belted or wrappy coats of the newest autumn materials—Bolivia, Normandy, Mariana and Ormendale; most of them with great fur collars of caracul, beaver, squirrel, Australian opossum or wolf. We arranged this sale only after long and careful preparation, picking the best styles and materials, at a price that cannot be duplicated later in the season.

French and navy blue, several shades of brown, wine, black, taupe and myrtle-green. All the coats are beautifully lined with satin or crepe.

We will hold the coat of your choice upon the payment of 25%, with the balance in monthly payments.

—Second Floor.

Sale of Dress Gingham

Thursday Only 33c Yard

THE choice of fine Imported and Domestic Gingham is offered at this price for one day only, and many schoolgirls will find themselves with an extra dress or two because of such an opportunity.

They are 32 inches wide, with a fine Zephyr finish. Checks, plaids and plain shades, in every wanted color.

—First Floor.

Women's Fine Hosiery at \$1.00

One of those real opportunities that carry with them satisfying values you remember. Stocks of silk and fiber mixed with cotton top, and seamed backs, in black or shades of tan.

Women's Novelty Hosiery at \$1.50

Silk and fiber mixed hosiery, and some thread silk in black and tan, with seamed back and seamless foot. You'll declare them splendid values, too.

Children's School Hose, 25c Pair

Children's Fine Ribbed Stockings, products of reliable makers, just received, for school or play. Choice of black or white, in sizes 6 to 10 years, and unusual values.

Boy's Ribbed Cotton Stockings at 35c Pair; 3 Pairs, \$1.00

Fine, durable hose, well and accurately made, combining good looks and comfort with long wear.

—First Floor.

In a Hundred Schoolrooms Will Be Found

The Swagger Frock

Of Jersey, \$11.50
Of Wool Crepe, \$14.50

IT'S the sort of dress that might be worn with the greatest pride on the opening day of school, and is still so practical and all-round satisfactory it would not be laid aside, even much later in the term.

Shown in brown, blue or tan, with only an edge of colored embroidery around the collar and cuffs and two rows of buttons near the waist line. It is equally smart in jersey or wool crepe. Sizes 10 to 16 years.

—Fourth Floor.

50,000 MILES OF CABLE UNITED IN ONE BIG SYSTEM

Postal and Commercial Companies Announce Signing of New Agreement.

NEW YORK, Aug. 30.—The Postal Telegraph-Commercial Cable System and the All-American Cables, Inc., have entered into an alliance involving 50,000 miles of submarine cable, which not only provides for an exchange of traffic between the two systems, but also provides that the agents and officers of each shall act as agents for the others, according to an announcement made today by Clarence H. Mackay, president of the Postal Telegraph-Commercial Cable.

"This agreement," said Mr. Mackay, "is a forward step in cable communication because it creates the greatest and most comprehensive American cable system, extending north to south from all parts of the United States and Canada to Central and South America, and from east to west from Europe to the Orient, involving a total cable mileage of 50,000 miles."

"While the two systems which have entered into this agreement will maintain their separate corporate identities, the agreement provides for so harmonious a contact between the two that in actual operation messages will be handled with all the speed and facility possible in a single organization."

The Commercial Cable Company operates 17,301 miles of submarine cable in the Atlantic ocean connecting with Europe and European points and 1,549 miles of cable is operated by the Commercial Cable Company on Cuba between New York and Miami, on the American end, and Havana.

The Commercial Pacific Cable Company operates 10,016 miles of cable between San Francisco and Honolulu, Midway, Guam, Tokyo, Manila and Shanghai. The All-American Cables, Inc., operates 20,016 miles of cable between the United States and Central and South America.

The Postal Telegraph Cable Company maintains a comprehensive land line telegraph system, reaching all parts of the United States, and, in addition, enjoys exclusive American connections with the Canadian Pacific Railway Telegraphs.

REVENUES FOR RAIL FREIGHT SHOW INCREASE

Loadings for Week Jump Over 1921 Figures But Are Below 1920.

By International News Service. Loading of revenue freight on the railroads of the United States during the week ended August 19 totaled \$56,219, which was an increase of 3,839 cars over the preceding week, according to figures made public today by the Association of Railway Executives. This was an increase of 41,072 cars over the corresponding week last year, but a decrease of 111,384 cars under the corresponding week in 1920.

Merchandise and miscellaneous freight, including manufactured products, totaled 555,275 cars, an increase over the previous week of 6,971 cars. Compared with the corresponding week last year, this was an increase of 62,526 cars, and with the corresponding week two years ago it was an increase of 19,964 cars.

Coal loadings totaled 81,959 cars, an increase over the preceding week of 2,600 cars, but 70,554 cars less than the same week last year and a decrease of 122,219 cars under the same week two years ago. Coke loadings amounted to 8,201 cars, 219 cars less than the week before, but 3,777 cars in excess of 1921 and 7,887 cars below 1920.

Ore loadings totaled 67,201 cars, a reduction of 1,996 cars compared with the week before. Compared with the corresponding week last year, this was an increase of 35,214 cars, but a reduction of 11,639 cars under the corresponding week for 1920.

STRIKE IN HARD COAL DISTRICTS SAVES 100 LIVES

Average Mortality in Pennsylvania Cut as Mine Shafts Lay Idle.

By International News Service. One hundred men in the State of Pennsylvania are living on "borrowed time."

They are miners of hard coal and they are alive today because of the strike called by the United Mine Workers five months ago. "It is gruesome," said John L. Lewis, generalissimo of these striking miners, "but it is true, nevertheless."

Lewis revealed the casualties in the anthracite section of the coal mining industry average 500 a year.

Every twelve months five hundred men are killed in order that the country may be supplied with the hard coal that it requires. As the 155,000 anthracite miners have not been in the pits since April 1, there hasn't been a chance for any of them to be killed.

So one hundred of them are living on "borrowed time." In addition to the 500 hard coal miners who are killed each year, 20,000 are injured, Lewis said, most of them permanently by losing eyes, arms or by being hurt internally.
